

Tangled Up In You
Staind

C#

You re my world

F#

The shelter from the rain

C#

You re the pills

F#

Then take away my pain

C#

You re the light

F#

Then help s me find my way

C#

You re the words

F#

When I have nothing to say

Bbm

In this world

F#

Where nothing else is true

Bbm

Here I am

F#

Still tangled up in you

F#

C#

I m still tangled up in you

F#

C#

I m still tangled up in you

C#

You re the fire

F#

Then warms me when I m cold

C#

You re the hand

F#

I have to hold as I grow old

C#

You re the shore

F#

When I am lost at the sea

C#

You re the only thing

F#

That I like about me

Bbm

In this world

F#

Where nothing else is true

Bbm

Here I am

F#

Still tangled up in you

F#

Bbm

I m still tangled up in you

F#

C#

How long has it been

Ab

Bbm

since the historyline began?

F#

C#

And I hope it never ends

Ab

And goes like this forever!

Bbm

In this world

F#

Where nothing else is true

Bbm

Here I am

F#

Still tangled up in you

C#

tangled up in you

F#

C#

I m still tangled up in you

F#

C#

I m still tangled up in you
