Good Morning
by, STAMPEAD

       Bm   **E**   **A**
Tucked up tipping on two, which will it be?
                    D   **G**   **F#m**
I donâ€™t want none of your charity
             Bm   **E**
So slap me silent knock me down
                A   **D**   **G**   **A**
Dig a little hole in the ground and kiss me
||: **Bm G D** (**C G F#**) :|| 2X
Goodbye

        Bm   **E**
Play me a song, the slowest song
A   **D**
One to calm me down
      G   **F#m**   **Bm**   **E**
With a hum of angels and a circle of screams
        A   **D**
Saying â€œfuck it my friend,â€•
      G   **F#m**
â€œItâ€™s gone, itâ€™s goneâ€•
     Bm   **E**
Sing one more song
          A   **D**
sing it, all night long
     G **A**
and say

||: **Bm G D** (**C G F#**) :|| 2X [4x during solo]
Goodnight

solo
[**E Bm E D E Bm** G D G D G D G D G D] 2x

Wake me up tomorrow
           A   **D**
God Iâ€™ve got more in me
        G   **F#m**   **Bm**   **E**
I could sleep a million years if you stretch my luck again
      A   **D**
For just one more day
       G **F#m**   **Bm**
Then Lord send me away

```
E       A               D
I just want to hear them say
            G  A
I just want to hear
[Bm E A D G D/F#] 4x
Good morning, good morning, good morningâ€¦
```
