Choose You â€“ Stan Walker

```
C#          G#           Bbm                         F#
I m so mad at you right now, that I can t think straight
            C#              G#           Bbm                      F#
And I should shut my mouth, so I don t let out the cruel things I say
         C#                              G#
Cuz when love starts out it s all peachy, I love you, you love me seems easy
Bbm                     F#
It s like a walk in the park
   C#                                               G#
But sometimes it takes an act of my will and a walk in a park turns to uphill
      Bbm                     F#
But I promise to give you my heart
```

CHORUS
```
C#      G#          Bbm         F#
I will choose to love you, yeahh
                              C#
Even though I wanna stay mad
                         G#
Even though I wanna get angry
                           Bbm
Though it may be easier to walk away
              F#        C#
I will choose to stay & love you
```

```
C#            A         Bbm                       F#
Love is just so beautiful, sometimes it takes work
         C#          G#        Bbm                      F#
And the ones you love, at times can leave you so hurt
```

```
      C#                                G#
Cuz when love starts out it s all peachy, I love you, you love me seems easy
Bbm                     F#
It s like a walk in the park
        C#
But the picture of love some try to paint
        G#
It s a contrast to the real landscape
      Bbm                     F#
But I promise to give you my heart
```

CHORUS
C#   **G#**   **Bbm**   **F#**
I will choose to love you, yeahh
                            C#
Even though I wanna stay mad
                           G#
Even though I wanna get angry
                               Bbm
Though it may be easier to walk away
                  F#
I will choose to stay
          C# G#   **Bbm**   **F#**
I choose you, I choose you, yeahh
          C# G#   **Bbm**   **F#**
I choose you, I choose you everyday I choose you

Bbm
Some people think that love is just a feeling
F#
So they fall out of love as quickly as they fell in
C#
Some people think that love is just a game
G#
But they the ones who always seem to end up getting played
Bbm   **G#**   **C#**   **F#**
Though everything around might change, one thing will still remain

CHORUS
C#   **G#**   **Bbm**   **F#**
I will choose to love you, yeahh
                             C#
Even though I wanna stay mad
                              G#
Even though I wanna get angry
                                Bbm
Though it may be easier to walk away
                   F#
I will choose to stay
          C# G#   **Bbm**   **F#**
I choose you, I choose you, yeahh
          C# G#   **Bbm**   **F#**
I choose you, I choose you everyday I choose you
