[Intro]

**D A G**

[Verse 1]

**D**

Sick of having empty habits

**A**

Leading to the selfish havoc

**G**

I m lonely in my own bones

**D**

You re unweaving where you stand

**A**

Stitch me into all your plans

**G**

Just like a cherry stone

**D**

Temporary fleeting thrills

**A**

Keep me bruised and make me ill

**G**

My skin has lavender tones

**D**

Tell me I m a loaded gun

**A**

Tie me up and come undone

[Pre-Chorus]

**G**

I can cover it up, I can cover it up

**G\***

I can cover it up, I can cover it

[Chorus]

I know I m out of my depth, but I just float in it

**Bm**

I try to do my best, stop picking fights with it

**A**

**G\***

I wanna be upset, you re not alright with it

**D**

I can cover it up, I can cover it

**G**

Try to speak my mind, wish it was by design

**Bm**

But I can only confess to having doubts with it

**A**

**G\***

Don't wanna feel regret, I'm not alright with it

**D D G G Bm A G G**

I can cover it up, I can cover it

[Verse 2]

**D**

Spending time with or without you

**A**

Cutting corners just to get

**G**

You out of my god damn mind

**D**

Keep your words up where they're brewing

**A**

I want something worth pursuing

**G**

Still letting you curl my spine

**D**

Temporary fleeting thrills

**A**

Keep me bruised and make me ill

**G**

My lonely lavender bones

**D**

Tell me how to hurt for fun

**A**

Tie me up and come undone

**G\***

I can cover it up, I can cover it

[Chorus]

**D**

**G**

I know I'm out of my depth, but I just float in it
