

Sidewinder
Stand Atlantic

[Verse 1]

G

I 'm a wave in the ocean

G

You 're a tree in the orchard

C

So I 'm out like I m under

C

Stuck deep in your soil

G

From my chest, to my head

G

To the breath on your neck

C

Silhouettes and regrets

C

Now replace you instead

[Pre-Chorus]

Em **D**

Spit me out

C

Spit me out

[Chorus]

G

And do you feel empty?

C

Cause your whispers consume me

G

They grow deeper

C

They shake me and they linger

Am

I m a renegade and a sinner

Em

You 're a blue bird in the winter

C

Disguising the way you hide

G

Like a sidewinder

[Verse 2]

G

You lack in conviction

So suffer in silence

C

With self-medication

C

And its sour elation

G

I 've been muting the colours on my skin

G

I 've been matching the distance that you bring

C

I fall asleep to the pressure

That I can't make this better

C

Cause you won't let me further in

[Pre-Chorus]

Em **D**

Spit me out

C

Spit me out

[Chorus]

G

And do you feel empty?

C

'Cause your whispers consume me

G

They grow deeper

C

They shake me and they linger

Am

I 'm a renegade and a sinner

Em

You're a blue bird in the winter

C

Disguising the way you hide

Like a sidewinder

[Bridge]

Em

You could've used some respect

C

Instead you played with my head

And now I ll never let you go

Em

C

I m on the side of the fence you don t call home

D

C

Sidewinder wake me in the dead of night

D

Em

C

C

C

So you can take me to the place you hide

[Chorus]

G

(And do you feel empty?)

C

t Cause your whispers consume me

G

They grow deeper

C

They shake me and they linger

Am

I t m a renegade and a sinner

Em
