F
Cause all your fears remind you

C **G**
Another dream, has come undone
Am
You feel so small and lost

Like you re the only one
G
You wanna scream
F
Cause you re desperate

F **C**
You want somebody just anybody
G **F**
To lay their hands on your soul tonight
F
You want a reason
C
To keep believin
G
That someday
F
You re gonna see the light
