Take me or leave me - Stanfour
(Chords and lyrics heard out by L.A. - have fun!)
Intro: **G#m** - **Bb** - **F#** - **E** - **F#**

Verse I:
```
G#m                    Bb                        F#
 IÂ´m still not breaking - itÂ´s gettingÂ´ so cold
                  E      F#    G#m
 Waiting for reasons to unfold

G#m                    Bb                   F#
 The world is so jading - steeling my view
                     E      F#      Bb
 but I just canÂ´t go on chasing you
```

Chorus:
```
                  G#m                      D#m
 Words without faith - hearts without love
                     F#             Bb
 The tears on your face just pay off

                  G#m                       D#m
 Times they are changing - not everythingÂ´s gold
               F#                        Bb
 Take me or leave me Â´cause I canÂ´t let it go
```
Bb - **G#m** - **D#m** -
F# - **G#m**
```
 Hmmmmmmmmm
```
Verse II:
```
                  Bb                       F#
 Something is fading - youÂ´re pullinÂ´ away
                 E    F#    G#m
 Are we too soon am I too late
                  Bb                      F#
 I canÂ´t stay here - Â´cause youÂ´re already gone
                  E          F#     Bb
 Wish that I knew where we belong
```

Chorus: (the same as before)

Bridge:
```
Bb           D#m                         G#m
 As all my illusions they crash to the ground
                  E                 F#    Bb
 Something inside me keeps holdinÂ´ on somehow
```

```
                      D#m                              G#m
 IÂ´m still a believer - love worth fightinÂ´ for

                  E                      E
 I donÂ´t wanna say goodbye - I want more yes I
        (F#)      Bb
  want more

Chorus: (same as before, but less instruments)
End play: Bb - (F#) - Bb

(Note: I didnÂ´t have the lyrics - itÂ´s like I heard itâ€¦
   with the cords itÂ´s as like thatâ€¦
   If there are some mistakes IÂ´m sorry for that)
