

Can I Stay Here Forever
Starfield

D
Through forgotten convictions
D/B
And misplaced affections
A **G**
I m losing the sound of your voice
D
I m chasing after emptiness
D/B
Trying to tidy up this mess
A **G**
And I swear I ve been down this road before

G/A# **D/F#**
I wanna get back to where it all began
C2 **G/A# Asus**
When I would long for only you

D **Asus** **G**
Like a child I ll take you at your word
G/A# **Bm**
As these mountains of doubt, they fade away
Asus **G**
I m longing to trust and love you more

D **Asus**
So for me this is beautiful
G **Gm**
Brand new thought and a brand new world
Bm **Asus** **G**
Can I stay here forever, here with you?

Verse 2:

D
I ve lost sight of what first drew me
D/B
To the love that pursued me
Asus **G**
The joy that inspired my song

The arms that I would fall into
Asus **G**
Seem miles and years from where I am today
