

Shipwreck
Starfield

This song by Starfield is just absolutely amazing. I really have no words to describe it, but I am sure that everyone who really listens to this song can strongly relate to it and feel a certain sense of belongingness... And as soon as I heard it I looked for the tabs online because I did not want to waste any time trying to tab it, I just wanted to know how to play it already. Surprisingly, I could not find a single tab of this song... so I decided to tab it and put it on the web for everyone. Hope you all love this song as much as I do. And this tab goes specially to Jordan, who introduced me to this outstanding band... thanks for being so amazing! :)
