Changes Stars

Very simple song. Easy to play. No need for a capo.

The whole song sticks to this chord sequence: Bb Gm Eb F

Occasionally you ll hear a little fill after the ${\bf F}$ (like in the intro). You can play that like this:

|-----| |------| |------| |0---0-0-| |--3---3-1|

Chords with lyrics (if you want something to play along to):

Intro: Bb Gm Eb F (fill)

Bb Gm

This time in between the day and the night

Eb

The light kills my sense of life

F

So scared, I ll turn it on, turn it on, turn it on

Bb Gm

It s dull, this dusk, this desk, this dust

Eb

My eyes adjust, I ll blow out the flame

F

Can you and me remain

Bb Gm

Changes, I ve never been good with change

Eb

I hate it when it all stays the same

F

Caught between the gold and the gain

Bb Gm

Changes, I ve never been good with change

Eb

I hate it when it all stays the same

F

```
Caught between the cold and the wave
                      Bb Gm Eb F (fill)
My heart beats up again
Вb
  Once said, words make a world of their own
I misread, I can t get you back on the phone
So tired, I ll turn it off, turn it off, turn it off
Вb
  How s that last week we were whole
You re far away and I hardly know
Can you and me delay
Bb
Changes, I ve never been good with change
I hate it when it all stays the same
Caught between the gold and the gain
Вb
                                 Gm
Changes, I ve never been good with change
Troubled when it all stays the same
Caught between this cold and the wave
                      Bb Gm Eb F
My heart beats up again
Bb
               Gm
     Are you my trouble...
          Eb
are you my trouble... are you my trouble
Вb
                      Gm
Trouble... are you my trouble
                                      (fill)
are you my trouble... are you my trouble
```

end on **Bb**
