

**Heart  
Stars**

**C**

Time can take it s toll on the best of us

**G**

Look at you you re growing old so young

**F**

Traffic lights blink at you in the evening

**C**

Tilt your head and turn it to the sun

**C**

Sometimes the T.V. is like a lover

**G**

Singing softly as you fall asleep

**F**

You wake up in the morning and it s still there

**C**

Adding up the things you ll never be

**C**

Alright, I can say what you want me to,

**G**

Alright, I can do all the things you do,

**F**

Alright, I ll make it all up for you,

**C**

I m still in love with you,

I m still in love with you

**C**

Time can take it s toll on the best of us

**G**

Look at you you re growing old so young

**F**

Traffic lights blink at you in the evening

**C**

You tilt your head and turn it to the sun

**C**

You disembark the latest flight from paradise

**G**

You almost turn your ankle on the snow

**F**

You fall back into where you started

**C**

Make up words to songs you used to know

So...

**C**

Alright, I can say what you want me to,

**G**

Alright, I can do all the things you do,

**F**

Alright, I ll make it all up for you,

**C**

I m still in love with you,

I m still in love with you

**C**

The hard luck god

You never had a chance you know

**G**

Incurable romantics never do

**F**

He held the flame I wasn t born to carry

**C**

I ll leave the dieing young stuff up to you

**C**

You get back on the latest flight to paradise

**G**

I found out, from a note taped to the door

**F**

I think I saw your airplane in the sky tonight

**C**

Through my window, lying on the kitchen floor.

**C**

Alright, I can say what you want me to,

(I want more)

**G**

Alright, I can do all the things you do,

(Give me more)

**F**

Alright, I ll make it all up for you,

**C**

I m still in love with you,

I m still in love with you,

**C**

(I want more)

Alright, I ll say you want me to,

**G**

(Give Me More)

Alright, I ll do all the things you do,

**F**

(I Want More From You)

Alright, I ll make it all up for you,

**C**

I m still in love with you,

I m still in love with you
