Intro: **Gm Eb Bb F**

Gm Eb
try as he might he s unable to speak
Bb F
he grabs her by the hair, he strokes her on the cheek
Gm Eb
the bed is unmade like everything is
Bb F
darklit in heaven at the top of the stairs
Gm Eb
take me like that, ruin it all
Bb F
then build it again by the light in the hall
Gm Eb
he drops to his knees says please my love please
Bb F
i ll kill who you hate, take off that dress, you won t freeze

Chorus:

Gm Eb
one more night, that was a good one
Bb F
one more night, i dreamed it was a good one
Gm Eb
one more, one more night, that was a good one
Bb F
one more night, the end should be a good one
a good one

(I m sure you get the Picture now)

he starts with her back cause that s what he sees
when she s breaking his heart she still fucks like a tease
release to the sky, look him straight in the eye
and tell him that now, that you wish he would die
you ll never touch him again so get what you can
leaving him empty just because he s a man

so good when it ends, they ll never be friends
one more night, that s all they can spend

one more night, that was a good one
one more night, i dreamed it was a good one
one more, one more night, that was a good one
one more night, the end should be a good one
a good one
