

Some Of Us
Starsailor

Intro - F C x2

[F]Hurt you today
That isn't my name
You were [C]fast asleep

For[F]get what he did
Can I be the kid
For your [C]soul to keep

[F]Some of us laugh
Some of us cry
[C]Some of us smoke
Some of us lie
But it's [F]all just the way
That we [C]cope with our lives

[F]None of those freaks
Were broken like me
By their [C]own mistrust

We [F]all have our faults
But mine come in waves
That you [C]turn into rust

[F]Some of us laugh
Some of us lie
[C]Some of us sit here
With tears in our eyes
But it's [F]all just the way
That we're [C]faced by our lives

(Break + Humming - F C x2)

[F]Some of us laugh
Some of us cry
[C]Some of us smoke
Some of us lie
But it's [F]all just the way
That we [C]cope with our lives

[F]Some of us laugh
Some of us cry
[C]Some of us smoke
And some of us lie
But it's [F]all just the way
That we [C]cope with our lives

My wondering [C]soul
Found solace at [Am]last
I wanted to [Dm7]know
How long it would [G]last

She s loosing con[C]trol
I m coming down [Am]fast
Favourite [Dm7]lady
Now under my [G]back
She s gonna be right [C]back
Oh-oh-oh-oh
