

G# **Ebm** **F#** **G#**
Turn your head to face the sun and love will keep you safe.

(musical outro with awesome strings!)

B, Ebm

It simply switches back and forth between C# and Fm. If you want to catch the ensemble walk-up progression that last time through, play these chords and follow the rhythm of the bass line:

Fm, Gm, G#, Bb, Cm, C#.....and the last chord of the song is Fm

Enjoy! It s a brilliant song!
