

It Has Begun
Starset

Dm **Bb** **Am**
Even a well lit place
Am **Dm**
Can hide Salvation
Dm **F** **Am**
A Map to a one man maze
Am **Dm**
That never sees the sun
Dm **Bb** **F**
Where the lost are the heroes
F **Am** **Dm**
And the thieves are left to drown
Dm **Bb** **F**
Everyone knows by know
Gm **Am** **Bb**
Fairy tales are not found
Gm **F**
They re written in the walls
Am
As we walk

Dm
In a straight line

Down in the dirt with a landslide approaching
Bb
But nothing could ever stop us
C **Dm**
From stealing our place in the sun
Am **Bb**
We will face the odds against us
C **Dm** **E**
And run into the fear we run from
Dm
It has Begun

Dm **Bb** **Am**
Into the dark below
Am **Dm**
Evading shadows
Dm **F** **Am**
Blind in a Rabbit s hole
Am **Dm**
We fall beneath the Earth
Dm **Bb** **F**
And watch the shell come unraveled

F **Am** **Dm**
As the seeds begin to rise
Dm **Bb** **F**
Embracing a star lit fate
Gm **Am** **Bb**
As we wait in the night
 Gm **F**
It s written in the walls

Dm
In a straight line

Down in the dirt with a landslide approaching

But nothing could ever stop us

From stealing our place in the sun

We will face the odds against us

And run into the fear we run from

Bb
It has begun

It has begun

It has begun

It has begun

It has begun
