

**Inscape
Stateless**

Bm **G**
We wake with our forms all tangled up
Em **F#** **Bm**
Frozen in silence, no sound save breathing
G **Em** **F#**
I can feel your skin on my skin
Bm **G**
How did it get so cold in here?

Em **F#** **Bm** **G**
I need to crawl inside your shivers
Bm **A** **G**
We let go of ourselves sometimes
Bm **A** **G**
And I m crawling inside your shivers
Bm **A** **G**
We let go of ourselves sometimes
Bm **A**
And I m crawling inside

Bm **G**
And we rise in the air from our cradle shell
Em **F#** **Bm**
Like tears we fall on to the ice
G **Em** **F#**
We lay entangled, ice against skin
Bm **G**
How did it get so cold out here?

Em **F#** **Bm** **G**
I need to crawl inside your shivers
Bm **A** **G**
We let go of ourselves sometimes
Bm **A** **G**
And I m crawling inside your shivers
Bm **A** **G**
We let go of ourselves sometimes
Bm **A** **G**
And I m crawling inside your shivers
