

**Im With Stupid  
Static-X**

Band: Static-X

Song: I m With Stupid

Album: Wisconsin Death Trip

Tabbed by: Martin (comments or corrections to: MAMeingast@aol.com)

Like all Songs by Static-X, it is not very complicated, but still kicks a\$\$.  
By the way: I recommend everyone out there to buy their album! It is definitely worth every cent! You only need to tune one String to C for this song. Listen to the song, and you should be able to play it together with the tab.
