(**Eb**) **Ab** **Bb**
I m back on my feet again
 Eb
I m flying high
 Ab **Bb**
Watching my back again
 Eb
or I could die

Eb **Bb**
When we re up there flying
 Eb Bb
And it all seems fine
 Eb **Ab**
Half the time we re trying
 Bb **Fm**
Trying hard what a fool
 Bb
Saying anything to raze it all

But I m back on my feet again I m flying high
Watching my back again or I could die

It is down to timing
Get it right first time
 Cos it s so exiting
Keeping on with the flow
Giving everybody such a show

But I m back on my feet again I m flying high
Watching my back again or I could die
Out on the street again I m riding high
Worried bout anything that passes by

Gm **Cm Gm**
It s not a nightmare or a dream
C
It s not the first time that it s been

I m back on my feet again I m flying high
Watching my back again or I could die

So it s time to work out
What is going on
So you d best not freak out
Lose your mind lose your cool
It s the quickest way to end it all

But I m back on my feet again I m flying high
Watching my back again or I could die
Out on the street again I m riding high
Worried bout anything that passes by
Back on my feet again I m flying high
Watching my back again or I could die
