When I came to figure out the chords to this song, I was absolutely bewildered.
At
I couldn't figure it, all I was getting was C. But after 20 minutes of hard
listening and
turned up to the max, I came up with what follows... (Don't hold back to correct
me,
I'm not sure if it's correct myself!)

B **A** **E**
If you wake up and don't wanna smile
B **A** **E**
If it takes just a little while
B **A** **E**
Open your eyes, look at the day
F#
You'll see things in a different way

B **A** **E**
Don't stop thinking about tomorrow
B **A** **E**
Don't stop, it'll soon be here
B **A** **E**
It'll be here better than before
F#
Yesterday's gone, yesterday's gone

Why not think about the times to come
And not about the things that you've done
If your life was bad to you
Just think what tomorrow will do

Don't stop thinking about tomorrow
Don't stop, it'll soon be here
It'll be here better than before
Yesterday's gone, yesterday's gone

All I want is to see you smile
If it takes just a little while
I know you don't believe that it's true
I didn't mean any harm to you
