C **F** **C**
I m going down town tonight, I m gonna find myself a dream
F
I m gonna dress up right, and be the best they ve ever seen
Dm **Am** **Dm** **Am**
You can tell from their eyes, you can tell from their eyes
G **C** **G** **C**
That they re never impressed, that they re never impressed
Dm **Am** **Dm** **Am**
From the way they walk round, from the way they walk round
G **C** **G** **C**
They are used to the best, they are used to the best

C **Am** **C**
Going down town tonight, going down town tonight
Am **G**
Going down town tonight, going down town tonight

Why let them break you in with self-sophisticated praise
cos when the cards are low you see the smile come on their face
If you speak the right words, if you speak the right words
They will hear what you say, they will hear what you say
They will take your attention, just take your attention
And then turn away, and then turn away

Going down town tonight, going down town tonight
Going down town tonight, going down town tonight

G **C**
Just one thing before you go my ladies of the night
G **F**
Just one thing I have to say I ve got you, and you re
G **C**
Confident and debonair you move between the stars
G **F** **C**
Hungry for those staring eyes that fill your waking hours

Going down town tonight, going down town tonight
Going down town tonight, going down town tonight
Going down town tonight, going down town tonight

Your face is all run dry with all the echoes of the night
And so I m home alone, I wash my head and hold on tight
If you speak the right words, if you speak the right words
They will hear what you say, they will hear what you say
They will take your attention, just take your attention
And then turn away, and then turn away

Going down town tonight, going down town tonight
Going down town tonight, going down town tonight
Going down town tonight, going down town tonight
Going down town tonight, going down town tonight
Going down town tonight, going down town tonight

Pretty much it...
