Great blues lyrics

**A** **D**  
i hear a car out the back  
**A**  
i see a full moon rising  
**A** **D**  
it s my red cadillac  
**A**  
my baby s leaving me  
**E**  
now thing s are getting harder  
**A** **D** **A**  
cos she s gone from a to b  
**A** **D**  
she s on a long dusty track  
**A**  
sure ain t surprising  
**D**  
my days are looking black  
**A**  
ain t no way to be  
**E**  
see i don t care about my baby  
**A** **E**  
but my cadillac is all to me  
**A** **D** **A**  
so goodbye baby, baby goodbye  
**D** **A**  
goodbye baby baby goodbye  
**E**  
if you come running  
**A** **E**  
gonna have to ask you why  
  
when i m back in the sack  
and i m realising  
i know she ain t coming back

it s so plain to see  
don t wanna hear about my baby  
just want my caddy back with me

i m sitting here out the back  
and i m still surviving  
guess she ain t coming back  
so plain to see  
now things are getting harder  
since she s gone away from me

so goodbye baby baby goodbye  
goodbye baby baby goodbye  
if you come running  
gonna have to ask you why

don t wanna hear about my baby  
just want my caddy back with me
