Great blues lyrics

A **D**
i hear a car out the back

A
i see a full moon rising

A **D**
it s my red cadillac

A
my baby s leaving me

E
now thing s are getting harder

A D A
 cos she s gone from a to b

A **D**
she s on a long dusty track

A
sure ain t surprising

D
my days are looking black

A
ain t no way to be

E
see i don t care about my baby

A E
but my cadillac is all to me

A **D** **A**
so goodbye baby, baby goodbye

D **A**
goodbye baby baby goodbye

E
if you come running

A E
gonna have to ask you why

when i m back in the sack
and i m realising
i know she ain t coming back

it s so plain to see
don t wanna hear about my baby
just want my caddy back with me

i m sitting here out the back
and i m still surviving
guess she ain t coming back
so plain to see
now things are getting harder
since she s gone away from me

so goodbye baby baby goodbye
goodbye baby baby goodbye
if you come running
gonna have to ask you why

don t wanna hear about my baby
just want my caddy back with me
