C
I ve been so lonely
F
I can t find any way
C **D** **G**
So long since I lost my way
C
I got a feelin
 F
You re gonna run away anyday
C **G** **C**
Why does it always seem to be me?

F
So let me fly, let me fly

Like a bird in the sky
 C (**C7**)
Let me fly away
 F
I wanna climb really high
 D
All the time in the sky
 G
Wanna stay up there all day
 F
So let me fly, let me fly

Like a bird in the sky
 C
Let me fly
Em
Getting away
 D
So after today
 G **F**
Let me fly, fly, fly away

You say you re all right
You don t care anyway
I m listening, you re trying to say
You think I m crazy
You re thinking you got everything right

But you re fooling no-one else but yourself

{Chorus}

{Solo/Middle 8}

If you get lonely

You can t get along by yourself

If you re finding

You re needing me

Don t wait forever

For me to come a-following you

I ll wait here, you come back by yourself

{Chorus}

{Solo/Outro}
