Did it all, looking back at the road, maybe lacked some measure
Could it be, could it be you and me wanted just the pleasure, my pleasure
But magic, magic, everything else has had it
It s magic, magic, everything that you do
I ve had it, magic, had that magical feeling

Just call me and you know I ll be there
Don t worry me you know I ll be there
Won t matter if it s day or night, you
Why worry if I say I ll be there

Never been very good at the things that I should do better
Could it be, could it be you and me wanted just the pleasure, my pleasure
But magic, magic, everything else has had it
It s magic, magic, everything that you do
I ve had it, magic, had that magical feeling

Magic, oh it s magic, everything else has had it
It s magic, magic, everything that you do
I ve had it, magic, had that magical feeling
Magic, oh it s magic, everything else has had it....
