Today I m daytripping out to sea
like the bird on the wing
nothing s bothering me
I wanna be flying high
up to the clouds
with my feet still on the ground
I ll drift away I know I m safe

now that I ve found my

Mystery Island, Mystery Island
in the sun yeah
Mystery Island, take me away from it all
you don t look back, you don t look back
you just leave your worries behind
you wanna stay on Mystery Island
