Today I m daytripping out to sea  
like the bird on the wing  
nothing s bothering me  
I wanna be flying high  
up to the clouds  
with my feet still on the ground  
I ll drift away I know I m safe

now that I ve found my

Mystery Island, Mystery Island  
in the sun yeah  
Mystery Island, take me away from it all  
you don t look back, you don t look back  
you just leave your worries behind  
you wanna stay on Mystery Island
