**Eb** **C#** **G#**  
Away, away from the madding crowd  
**Bb** **Eb** **C#** **G#**  
I sit and dream oh I m singing out loud  
**Bb** **Eb** **C#**  
under that coconut tree I ll close my eyes  
**G#**  
drift away and think of you  
**Bb** **Eb**  
walking on in the sand  
**C#** **Bb** **Bb7**  
I ll take your hand and lead you to

**Eb** **C#**  
Mystery Island, Mystery Island  
**G#** **Bb**  
in the sun yeah  
**Eb** **C#** **G#** **Bb**  
Mystery Island, take me away from it all  
**Eb** **C#**  
you don t look back, you don t look back  
**G#**  
you just leave your worries behind  
**Fm** **G#** **Eb**  
you wanna stay on Mystery Island

|Eb| |C#| |G#| |G# Bb|

Today I m daytripping out to sea  
like the bird on the wing  
nothing s bothering me  
I wanna be flying high  
up to the clouds  
with my feet still on the ground  
I ll drift away I know I m safe

now that I ve found my

Mystery Island, Mystery Island  
in the sun yeah  
Mystery Island, take me away from it all  
you don t look back, you don t look back  
you just leave your worries behind  
you wanna stay on Mystery Island
