Steam Powered Giraffe**

Bm

Bm

Ever since the first time I opened my eyes

D

I ve awakened to the same thing

F#m

Bm

Other automaton friends roughly built like me

Bm

The first time I opened my mouth to speak

D

steam escaped to the air

F#m

Bm

and black oil dripped from my lips and onto the ground

Bm

Well daylight struck a chord with my photo-receptors

D

Night greeted me with a sea of stars

F#m

Bm

People are soaring, always exploring,

D

higher than they ve ever been before

F#m

But we are still down here, feet on the ground near

A

what will rise us up with the rest

Bm

Our thoughts are quixotic, stark and robotic,

D

mechanical in nature all the time

F#m

And pulses are firing in our head wiring,

A
guiding all our actions and beings

It s just our

A **Bm**
I am not an unimaginable thing

D **A**
My thoughts are tangible though they re full of springs

A **Bm**
I don t have the heart to send you untruthful words

D **A**
My skin is cold to the touch and made from the earth

They say

Bm **D** **F#m**
Oh, oh it s so down, but baby its sound

A
makes your worries cease to pound

Bm **D** **F#m**
And oh, maybe it s alright, cause baby it fights

A
for some time just to be held tight

Bm **D** **F#m**
And oh, maybe it s not wrong, cause it sings a lovely song

A
one that drifts on for so long

Bm **D** **F#m**
And oh, baby let s not lie, it s eyes are alive

A
and pointed up shining light to the sky

It s just our
