```
Bb                               C#
Is there such a thing as too much of a good thing?
G#                           Bb
I ask myself that everyday
Bb
That is until the weekend comes
         C#
And the sun has gone away to sleep
G#                                 Bb
Then there s only one thing on my mind (A good time)

Bb                              C#
That s right, me and my baby love Saturday nights
