

**Forgive Me
Steelheart**

Correction here they are:

Intro: **F#-B-G#m** (x4)

Verse:

F# - B - F#- G# One time, then
B - F# - G# - B - G#m

Chorus:

G#m - B - F# - B - F#

then play this while the electric guitar is playing

B - F#

Then repeat verse

but it would be like this:

F# - B - F#m - F# - B - G#m

Repeat chorus but, Miljenko changes the tone so it would go like this

G#m - B - F#m - B - F#m - F#

Bridge:

D#m - G#m - C#m - E- B- D#m - G#m - E - B

Then play:

F# - B til the song ends

so, with the lyrics, it d go like this:

Play intro

Verse:

I don t mean to hurt you
I don t mean to offend you
I don t mean to condemn you

Chorus:

Forgive me - but I love you

Verse II

I don't mean to wound you
And I don't mean to punish you
I know, know I made you suffer through

Chorus:

Forgive me - but I think it's cause I love you

Bridge:

Yeh, I know I'm fast to criticize
Sometimes my mouth runs wild
I don't know why
But I know one thing is true
Forever, forever, I will love you

When it goes on you'll play **F# - B** til the ends

Once again, pretty easy, but still so lovely
