Verse 1: Thereâ€™s a fire in your heart.
It will melt up all the love.
Cold, cold lies and pretty eyes,
And none of them are mine.

Chorus: Itâ€™s cold and it is broken
Iâ€™m everything you never wanted.

Verse 2: Thereâ€™s a fire in your soul.
It will melt up all the cold.
Broken lives and sharp, sharp knives,
All Iâ€™d wish for is that youâ€™d be mine.

Chorus: Itâ€™s cold and it is broken
Iâ€™m everything you never wanted.

Verse 3: Thereâ€™s a fire in your eyes.
You will melt up all the skies.
Hard, hard times and sudden rhymes,
Itâ€™s hard to ever be the same.

Chorus: Itâ€™s cold and it is broken
Iâ€™m everything you never wanted.

Bridge: All on my own,
Alone in this empty world.

Chorus: Itâ€™s cold and it is broken
Iâ€™m everything you never wanted.
Verse 4: Thereâ€™s a fire in the night.
It will melt up all the light.
Sad, sad stories and long, long worries,
Oh how do you get to live?

Chorus: its cold and it i broken
Iâ€™m everything you never wanted.
