Only Wanted - Stellar Kart

C#
I watched you growing up
F#
Living out the dream I had in mind
C#
Until I messed it up
F#
Making you believe in what was mine

Bb
I know I pushed too hard
F#
To make you more than who you really are
C#
Letâ€™s go back to the start
G#
I know I went too far
                   F#
I went too far

Bb
I only wanted you to have
F#
More than I could ever dream of
C#
I only wanted you to know
G#   **C**
Everything I know and then some
Bb
I only wanted you to be
F#
More than I could ever become
C#
I only wanted
                          G#   **A**
I only wanted you

C#
So now weâ€™re far away
F#
Holding onto miles that separate
C#

Still waiting for the day
G#
Just say itâ€™s not too late
                    F#   Bb   G#
Itâ€™s not too late

Bb
I only wanted you to have
F#
More than I could ever dream of
C#
I only wanted you to know
G#   **C**
Everything I know and then some
Bb
I only wanted you to be
F#
More than I could ever become
C#
I only wanted
                        G#   A   Bb   F#
I only wanted you
C#   G#
You

Eb   **F   F#**
I know itâ€™s not what you wanna hear
                                F# C#
Nothing makes up for all the years
                            G#
I pray for the day you see
Eb   **F#**
I tried to raise you the best I know
                                        C#
Now thereâ€™s only one thing I can hope
                        G#   C   Bb
You donâ€™t end up just like me

N.C.   **Bb**
I only wanted you to have
F#
More than I could ever dream of
C#
I only wanted you to know
G#   **C**
Everything I know and then some
Bb
I only wanted you to be
F#
More than I could ever become

C#
I only wanted
                                      G# A
I only wanted you
Bb F#
You
C# G#
You

I only wanted you
