E **F#**
Before I leave

E
I have something to say

F#
I can't go on one more day

E
The feeling of this world

F#
I can't get close to

Remembering me won't be so hard to do

E
Where are you superstar

F#
Where everything is wherever you are

E **F#**
Where there's no limit to how far

E
Where are you superstar

E **F#**
All this searching

E
Has led me nowhere

F#
And it feels like you don't care

E
How are you content

F#
Within the walls of safety

E **F#**
Taking free away from me

E
Where are you superstar

F#
Where everything is wherever you are

E **F#**
Where there's no limit to how far

E
Where are you superstar

It's now or never
