Once I was lost and now Im found
F# D#m
Then you turned my world around
G#m C#m F#
When I need you, I call your name

D#m	C#m	B	G#
Cause I never knew love like this before			Opened my eyes
D#m	C#m	B	G#
Cause I never knew love like this before			What a surprise

Cause I never knew love like this before			

This feeling so deep inside of me
Such a tender fantasy
You re the one Im living for

You are my sunlight and my rain
And time could never change
What we share, forever more, ooh...hoo...

(repeat the whole thing, yes, the whole thing)
