

**Hawaiian Punch**  
**Stephen Jerzak**

good stuff.  
good song.  
please comment/rate :)  
muchas gracias and thank you very much

i only tabbed this without a capo because its supposed  
to be played on an ukulele.  
easiest way to play would be to transpose down half a step and do capo one.  
best sounding way would be to transpose down 6 half steps and then capo 6  
enjoy :)
