D G

Made love to you all night long

D

Then I got to write you this song

D G

(I admit, I forgot this line)

Must have been sent from heaven above

Α

Don t think you could ever do no wrong

(stop) D G

Then you farted

) (

Oh baby you farted!

At first I thought that it was kind of cute
I suppressed a smile when I heard your girlie poot-poot
Then the smell came a-wafting by
Brought a little tear drop to my eye
Think that I ll go sleep out on the couch
Cuz you fart

Bm G

It could make milk curdle, make your skin

Bm

Make the paint peel off of the wall

Bm G

Don t wanna sleep under the covers no more

Α

Since the hot blew from outcha back door.

I think s**t my pants!
