#-----#

-----  
Hey Baby by Stephen Marley . . . Tabbed by Bob M.  
-----

Arranged in 3/4 timing (denoted by the 1 & 2 & 3 & above the tablature).  
The timing took the longest to figure out. The whole tab was figured out  
by ear so if it s not 100% that s why but I think it sounds pretty close.  
Hope it helps!

Open to suggestions and PLEASE RATE!!!

Chords:  
F# - 244322  
Bm - x24432

Lyrics and Chords - 00:31

**Bm**

Iâ€™ve been gone awhile away from you

**F#**

And I hope you overstand

**Bm**

That Iâ€™ve got to do what I must do

**F#**

To be a better man

**Bm**

Cuz if I was to just to act a fool

**F#**

Do nothing with myself

**Bm**

Then all my blessings would be cursed

**F#**

My world would crumble in

**Bm**

Itâ€™s a joy when I sit down and

**F#**

Think of the good times that we have

**Bm**

And what we do to make it through

**F#**

When the good turns to bad

**Bm**

Well I hope you'll find it in your heart

**F#**

And know these words are true

**Bm**

And please don't fuss

**F#**

Because I must go do what I must do

(Chorus) - 01:24

**Bm**

Hey baby don't you worry

**F#**

Even though the road is rocky

**Bm**

I'll be coming home to you again

**F#**

Cuz if you thought that I was lost

**Bm**

I had to bare my cross

**F#**

Now I'm free from all these Chains

Verse 2 - 01:49

**Bm**

A time, a space, a different place

**F#**

How perfect we might be

**Bm**

I would be the wind that blows

**F#**

You'd be that Willow tree

**Bm**

**F#**

And I could never bare the thought of you not by my side

**Bm**

So I would be the warmth of day

**F#**

You'd be the cool of night

**Bm**

**F#**

And everyday I pray to Jah that one day you will see

**Bm**

**F#**

And overstand the fact I must fulfill my destiny

**Bm**

**F#**

I hope you'll find it in your heart and know these words are true

**Bm**

And please don't cry

**F#**

You know that I must do what I must do

(Chorus) - 02:42

**Bm**

Hey baby don't you worry

**F#**

Even though the road is rocky

**Bm**

I'll be coming home to you again

**F#**

Cuz if you thought that I was lost

**Bm**

I had to bare my cross

**F#**

Now I'm free from all these Chains

(Bridge)

**Bm**

Well and it's not easy

**F#**

Jah knows how I try, I try

**Bm**

So don't you get irie

**F#**

Jah knows how I try, I try

Verse 3 - 3:32

**Bm**

God knows...

**F#**

Life is one big road

**Bm**

With a lot of signs and turns & twists and curves

**F#**

Even though the road is rocky

**Bm**

My main thing s to rock and keep on rockin

**F#**

From city to city

**Bm**

Backyard to yard

**F#**

And we be seein the sights, standin under the lights

**Bm**

And the spot is hot, it s cold and lonely at night

**F#**

And I m feelin and I m dreamin and I m holding you tight

**Bm**

But hold on, every single road I roll on

**F#**

Comes to an end and I m back home again

**Bm**

**F#**

So baby please don t cry, there s no valley low and there s no mountain high

**Bm**

And our love don t die with the passage of time

**F#**

It just grows more,

And just keep strong

**Bm**

And even though i m gone, I am never too far

**F#**

You re the light thru the dark, shining right thru my heart

**Bm**

So my journey must start...

(Chorus) - 04:26

**Bm**

Hey baby donâ€™t you worry

**F#**

Even though the road is rocky

**Bm**

Iâ€™ll be coming home to you again

**F#**

Cuz if you thought that I was lost

**Bm**

I had to bare my cross

**F#**

Now Iâ€™m free from all these Chains

**Bm F#**

**Bm F#**

**Bm F#**

**Bm F#**

**Bm F#**

. . . . repeat till end

Playing Notes / Musical Notation;-

\* - mute the strings with your fretting hand to accentuate the staccato feel of the strings.

~ - Vibrato
