

Church (Part Of Someone)  
Stephen Stills

Intro: D G7 D

                  C7  G                                  D          Dsus4  D  
You see, it s my thing to be part of someone  
          C7                  G                  D  
As a true friend is part of me  
                          C7          G  D  
You know that there s so much little girl, we ve got to tell each other  
          C7                  G                                  D  
About the whole world and most especially one another,  
oh yeah, all right. And you know, and you know?

Chorus:

          C                                  G  
And it s hard, yes it is  
          D          C          G  
It s hard, yes it is  
          C  
And I wonder  
          G                                  D  
I wonder could it be a dream?

And you know that the self made man, babe is truly shallow  
He knows he s no one but who he wants to be  
So while you still sing, baby, You got to tell me, baby  
Is it your thing to be part of anyone?  
Anyone, anyone

Chorus (x2)+

I wonder if it s a dream  
And it s now, children, could it be a dream?
