In article you write:
>Nevada only has southern cross , perhaps someone could post the chords
>(unless TAB is necessary) to this song...

Hi again...

The basic chord progression is:

If you re down F C and confused... Dm C

There s a rose Am G in a fisted glove... F

Love the one you re with C F C

Love the one you re with Dm C

Do-do-do-do-do-do-do-do... Bb C

The acoustic guitar is actually played in open C tuning, and the lower strings form sort of a drone throughout. Low to high, the tuning is

C	G	C	G	C	E	
-4	-2	-2	0	+1	0	(deviation from standard)

and the basic riff is then

005555 004003 002001 000000

Don't ask me how to play the Am-G-F part or the Bb-C in that tuning, though...

Andrew

PS: Incidentally, the Moody Blues Question is also in open C, and uses the *exact* same pattern under the it's not the way that you say it part. Try it! The verses go

Ebdim	Dm	C
Why	do we	never get an answer

where Ebdim = 000232 (that's right, the same fingering as D in standard)
Dm = 002001
C = 000000
