

To A Flame
Stephen Stills

To a Flame

C **Csus4** **Gm**
Drawn to a flame she is far away
Am
Out of reach
C **Csus4** **Gm**
Will she burn her wings I can only watch
Am
Out of touch
Fm **C**
out of my mind

I wish i could tell if she s alright
Feeling fine
It s lucky for me I m not a jealous man
Out of hand
Out of my mind

C **F** **C** **Am**
When this party s over, over
 G# **Fm** **C**
I will loose her to another

Get yourself someone and then wave goodbye
Don t you cry
Go ahead break your heart but don t fall apart
It s like saying goodbye
to friends for the first time
