

**It's Never Too Late  
Steppenwolf**

D    A  
Your eyes are moist, you scream and shout  
E  
As though you were a man possessed  
D    A  
From deep inside comes rushing forth  
E  
All the anguish you suppressed  
D    A  
Up on your wall hangs your degree  
E  
Your parents craved so much for you  
D    A  
And though you re trained to make your mark  
E  
You still don t quite know what to do

D    A    E  
It s never too late to start all over again  
D    A  
To love the people you caused the pain  
E  
And help them learn your name  
D    A    E  
Oh, no, not too late  
D    A    E  
It s never too late to start all over again  
----

(igual à primeira parte)

Well, it s much to late to start again  
To try and find a little bliss  
So on your woman and your child  
You release your bitterness  
You drift apart some more each day  
You feel the guilt and loneliness  
And the God of your childhood you can t find  
To save you from your emptiness

It s never too late to start all over again  
To love the people you caused the pain  
And help them learn your name  
Oh, no, not too late  
It s never too late to start all over again

You say you ve only got one life to live  
And when your dead your gone  
Your family comes to your grave  
And with tears in their eyes  
They tell you, you did something wrong  
You left us alone

Tell me who s to say after all is done  
And you re finally gone, you won t be back again  
You can find a way to change today  
You don t have to wait til then
