

**Another World**  
**Stereo Guy**

Note: First G of the chord progression is G on 3rd fret.

[Intro]

**G Bm D G G A Bm** x2

[Verse 1]

**G Bm D G**  
You whispered you loved me; so faint and low

**A Bm**  
But you were only a summer breeze

**G Bm D G**  
It's so hard to let you go when you were the one that made me glow

**A Bm**  
Now, only the shadow embraces me

[Chorus]

(Strum Once)

**G Bm D G**  
You made me feel so alive and real

**G A Bm Bm A**  
But there are wounds that you're able to heal

(Strum progressively harder on 1/4)

**G Bm D G**  
And maybe walking in another world you and me

**G A Bm**  
We'll be together and sharing a dream

**Bm A**  
Uh-uh-uh

[Drop 1]

**G Bm D G G A Bm** x3

[Interlude]

**G Bm D G G A Bm** x2

[Verse 2]

**G Bm D G**  
Our memories haunt me so late in the night

**A Bm**  
While listening to the sounds of rain

**G Bm D G**  
Why did you leave me behind, without a final goodbye

**A Bm**  
Now, we're just strangers once again

[Chorus]

(Strum Once)

**G Bm D G**  
You made me feel so alive and real  
**G A Bm Bm A**  
But there are wounds that youâ€™re able to heal  
(Strum progressively harder on 1/4)  
**G Bm D G**  
And maybe walking in another world you and me  
**G A Bm**  
Weâ€™ll be together and sharing a dream

**Bm A**  
Uh-uh...

[Drop 2]

**G G A Bm D G G A Bm**  
**G Bm D G G A Bm** x2

[Outro]

**G G A Bm D G**  
I just wanna go into places we donâ€™t know  
**A Bm**  
Find ourselves and disappear for so long  
**G G A Bm**  
I just want you to feel safe  
**D G**  
In my arms of blood and flames  
**A**  
Maybe sharing all our breaths  
**Bm**  
But you drifted away

[Ending]

**G Bm D G G A Bm** x2
