

A Little More Us
Stereo Skyline

C **G**
All this time trying to make you mine
Dm **F**
Steals my lines, makes it hard to rhyme
C **G**
But days go by like the summertime
Dm **F**
The heat, and this beat
C **G**
Oh it s everything and all you need

(**Dm F**)

C **G**
A little more rock a little less roll
Dm **F**
A little more new a little less old
C **G**
A little bit of faith a little bit a trust
Dm **F**
A little bit of never giving up,
C **G**
A little bit of you, a little bit of me
Dm **F**
A little less them a lot more we
C G Dm F
Just a little more us
C G Dm F
Just a little more us
C G Dm
Tonight

C **G** **Dm** **F**
Close my eyes, dying to make a wish
C **G** **Dm** **F**
To cross your kiss off my bucketlist
C **G** **Dm F**
Here s the break with the 808
C G Dm F
You ll see baby
