

What If I Just Want To Go Home  
Stereolove

<http://stereolove-music.de/stereo-loves-you/index.html>

you can play **Gmaj7** instead of **G**, sounds better!

**D**

Maybe you got me on my knees love

**D**

Your lies had spread like bees love

**D**

Spreading the disease love

**G**

Iâve never tasted colder blood

**A**

So hereâs to your plastic gods

**D**

Maybe you cannot remember

**D**

One cold day in december

**D**

All fired up like ember

**G**

You watch who youâre talking to

**D**

And maybe the sky will fall on me love

**D**

The parting of the sea stopped

**D**

Itâs time to hold your head up

**G**

Deciphering the codes in you

**A**

Not sure what youâre trying to do

**G**

**G**

So Iâll just sing for you Iâll always do

**D**

What if I loved you for what I once knew

**G**

What if I hurt you well what if Iâm hurt too

**A**

When the music is gone something went wrong

**G**

And I just wanna go home

**D**

I just want to go home

**D**

Maybe you really believe that

**D**

You've power over me

**D**

Just because I took the beating

**G**

Are you really dumb enough

**D**

And maybe I'm just too blind to see that

**D**

It's hard for you to breathe

**D**

Set sail to rule the seas

**G**

The storm has conquered all your sun

**A**

So I'm gonna bite my tongue

**G**

**G**

Instead I'll sing for you I'll always do

What if I loved you for what I once knew  
What if I hurt you well what if I'm hurt too  
When the music is gone something went wrong  
And I just wanna go home

**F#m**

**G**

What if I heard you stick to your own truth

**Bm**

**A**

What if I learned you are as cold as a court room

**G**

**G**

When the music is gone something went wrong

**G**

**D**

something went wrong and I just wanna go home

**D** ..... **G**

ohohohohoh...

**A**

**A**

So I'll just sing for you I'll always do

What if I loved you for what I once knew  
What if I hurt you well what if I'm hurt too  
When the music is gone something went wrong  
And I just wanna go home

**F#m**

**G**

What if I heard you stick to your own truth

**Bm**

**A**

What if I learned you are as cold as a court room

**G**

**G**

When the music is gone something went wrong

**G**

**G**

Something went wrong where did we go wrong

**D**

I want to come home
