**Stereophonics**

[Intro] **D Bm F#m**

**D Bm F#m**  
I remember walking around the streets at night  
**D Bm F#m**  
I remember people talking about their lives  
**D Bm F#m**  
One of us never made it home that night  
**D Bm F#m**  
Drunk and high got the better of her mind  
**A**  
Jenny died

**Em A**  
The setting sun with music on  
**Em A**  
The restless day was gone

**D Bm F#m**  
You can't see when there's sun in your eyes  
**A**

Your innocent  
**Em A**  
You think everything is possible

**D Bm**  
And nothings gonna get you baby  
**Em A**  
Everything is touchable  
**D Bm F#m**  
Nothings gonna beat you in this life  
**A**

It's alright

**D Bm F#m**  
Holding hands drinking cans in the orange lights

**D Bm F#m**  
Summer breeze feeling free kissing the first time

**D Bm F#m**  
One of us never made it home that night

**D Bm F#m**  
Easy love someone said give this stuff a try

**A**  
Jenny tried

**Em A**  
The railway bridge the river flowed  
**Em A**

With shallow water down below

Your innocent

**Em** **A**  
You think everything is possible

**D** **Bm**  
And nothings gonna get you baby

You think everything is possible
