Long Way Round Stereophonics

C / G / Am / F

C G

Remember me my love

I m the one ya dreaming of

I m going for a ride
I ll keep you warm inside

Gonna roll up the sidewalk Gonna tear up the ground Coming round to meet you The long way round

Sooner or later
I ll get me off this track
Gotta do what it is that I do
Then I m coming back

Got the sun in my face Sleeping rough off the road I ll tell you all about it When I get home

Gonna roll up the sidewalk Gonna tear up the ground Coming round to meet you The long way round

...thatÂ's about it, very simple but beautiful song!
