

**Darlin Commit Me**  
**Steve Earle**

**G**

darlin im beggin, down on my knees

**D**

darlin im pleadin, insanity

**G**

you sign the papers, i ll gladly go

**G**

**D**

darlin commit me, and i cant take it no more

i d be so happy, and you would be too  
you d have my money, and i d have my own room  
go call the judge girl, lord no need to wait  
darlin commit me before its too late

**C**

and it d be so peaceful

**A**

it d be so quiet

**G**

**C**

**D**

**G**

aint no clock to punch no time no day no night

**C**

no books about it

**A**

no checks to bounce

**D** (hold)

just four warn, rubled walls and no way out

**G**

so i ll lock up my body, set my soul free

**D**

**G**

darlin commit me and swallow the key

i know you miss me but theres, no need to greave  
you get the parts and the baskets i weave  
i said that im dead girl, people talk so they know  
darlin commit me and no one will know

wont have to worry no more girl  
i been looney bin  
hey play parcheezy, ill play with my looney friend  
wont have to comb my hair girl  
i wont have to shave  
i wont have to race the guy next door  
to see whos the first one in his grave

ive been so frantic, with all the psychotic chew  
darlin commit me its the least you can do x2

Ok, I have been searching for the chords to this song for the last year and have been  
and this is now officially the FIRST posted chord for this song on the internet.  
I know  
of you have been snooping for it, and here it is. I love this song, and if you
