Well for an album that went Gold in the States and 3x Platinum in Canada, I m surprised that there hasn t been a tab or chords put up for this by now, so I did it myself! Pretty straightforward song, I would probably tab the solo, but I can t figure out what tuning it is in. If anybody has it though, or is able to help me out, I d be glad to put it in the tab! Please rate, comment, and enjoy!
