In My Dreams With You

I m watchin you, I m wantin you, but you turn away
I d crawl through broken glass to you, but it wouldn t pay
You take me for a fool, but if you only knew
What I do in my dreams with you

You re so cold and critical, and baby that s too bad
So my reality will have to come to me in my dreams

Chorus:

I know that you belong to me every night, you suddenly appear in my eyes
It happens when I sleep, it isn t right, what I do in my dreams with you
It isn t right what I do in my dreams with you

I love the way you come to me every night
My fantasies are real, and they never lie
If you only knew, what I do in my dreams with you, yeah
It isn t right, Lord knows that it isn t right

The world can make you cynical, with all its love and pain
But I don t have to carry the weight of the world

(chorus)

(Solo)

Baby don t wake me, let me take you on an endless journey
We touch, and the softest kiss explodes with lust, yeah
It s real, you can t deny the heat you feel
And if I die before I wake, baby, that s all right

(chorus)

I know that you belong to me every night, you suddenly appear in my eyes
(repeats out...)
