

## The Tips Of My Fingers

Steve Wariner

**C**                    **G**                    **C**  
I reached out my arms and I touched you,  
**G**                    **C**  
with soft words I whispered your name.  
**C**            **C7**                    **F**                    **C**  
I had you right on the tips of my fingers,  
**D**                    **G**  
but that was as close as I came.

**C**                    **G**                    **C**  
My eyes had a vision of sweet lips, yielding  
**G**                    **C**  
beneath my command.  
**C**                    **C7**                    **F**                    **C**  
I had your love on the tips of my fingers,  
**F**                    **C**  
but I let it slip right through my hands.  
**F**                    **C**  
But I let it slip right through my hands.

**G**                                    **F**                    **C**  
Somebody took you when I wasn't looking.  
**G**  
And I should have known from the start.  
**C**                    **C7**                    **F**  
That it's a long, long way from the tips of my  
**C**                                    **F**                    **C**  
fingers to the love hidden deep in your heart.  
**F**                    **C**  
To the love hidden deep in your heart.  
(Repeat once)

[Outro]  
**C**                    **C7**                    **F**                    **C**  
I had you right on the tips of my fingers,  
**F**                    **C**  
but I let you slip right through my hands.  
**F**                    **C**  
Yes, I let you slip right through my hands.  
**C**                    **C7**                    **F**                    **C**  
I held your love on the tips of my fingers,
